Strategic collaboration aims to introduce high-quality anti-cancer treatments across Nordic markets.

Ahmedabad, India / Copenhagen, Denmark – April 2025 – Sakar Healthcare Ltd., a leading Indian manufacturer and exporter of pharmaceuticals including oncology products, today announced a strategic partnership with 1Point Pharma ApS, a Denmark-based pharmaceutical services company, to distribute cost-effective treatment options across the Nordic region in Europe.

Sakar Healthcare, known for its vertically integrated operations and EU GMP-compliant manufacturing, offers a broad portfolio of orals and injectable medicines across therapeutic areas such as oncology, anti-infectives, and critical care. This agreement marks a key milestone in the company's global expansion with oncology products.

1Point Pharma brings proven expertise in commercializing pharmaceuticals in the Nordic region through an agile and transparent business model. The partnership will leverage 1Point's capabilities in market access, supply chain, regulatory compliance, pricing, and sales operations to support a smooth and effective market entry.

Bikramjit Ghosh, VP – Strategy & Business Development at Sakar Healthcare, stated:

“Our association with 1Pointpharma unveils the scope to strategically reach Nordics with anti-cancer products from Sakar’s research-driven API-integrated EU GMP approved oncology orals and injection manufacturing unit”

Morten Carl Madsen, Managing Director at 1Point Pharma, added:

“Partnering with Sakar Healthcare marks an important step in enhancing access to high-quality oncology medicines in the Nordics. Sakar’s manufacturing excellence and product portfolio align well with our commitment to supply chain reliability and transparent collaboration with stakeholders.”

This collaboration reflects the shared vision of both companies to provide accessible, high-quality medicines that improve patient care and address unmet healthcare needs in Nordics.
